

2022-2023 Financial Aid Appeal

Student Name _____ JCU ID _____

At John Carroll University, we recognize the substantial investment families make when a student enrolls. Our hope is that every student finds John Carroll affordable. Eligibility for financial aid is based on the 2020 tax year which may not be indicative of the family's ability to pay for the student's educational expenses. To that end, the Appeals Committee exists to consider formal requests for additional aid after an initial award is issued. John Carroll takes a holistic review of family's total financial circumstances in a calendar year through this process.

We ask that you complete this form, attach appropriate documentation and detail the nature of your situation so the Appeal Committee may best understand and act upon your request. The Committee will consider, subject to your special circumstances and our budget availability, whether additional institutional aid may be awarded.

Please keep in mind:

1. The student must complete the FAFSA before consideration for this process.
2. Filing this form does not guarantee an increase in your financial aid package.
3. If your FAFSA was selected for federal verification, you must complete that process **before** your appeal can be reviewed.
4. When appealing based on drastic change to income submit 2020 & 2021 federal tax returns and document all income streams.
5. The committee cannot respond to anticipated changes. Loss of income must be have occurred.
6. Decisions of the Committee are final. Further appeals will not be honored unless new circumstances arise.
7. You are responsible for any balances owed while waiting for this application to be reviewed.

Check all that apply and provide as much supplemental material as possible.
