

INTERNATIONAL BACCALAUREATE

The International Baccalaureate (IB) Diploma Programme prepares high school students for success at the university level. The academically challenging, internationally focused curriculum includes courses in six subject areas. Students taking year-end IB examinations can also potentially receive college credit.

Once students commit to John Carroll and submit their enrollment deposit, they should request that a transcript from International Baccalaureate North America (IBNA) be sent directly to John Carroll for an official credit evaluation. The tables below show current departmental practice for IB exams.

For courses not listed below, the student must also provide a syllabus from his or her high school for each course being considered for credit. A copy of the syllabus will be sent to the department chair at John Carroll for input on what credit may be given before the official credit evaluation is sent to the student.

Courses that satisfy the Integrative Core Curriculum are denoted as such:

- CAPA Satisfies the Creative and Performing Arts requirement.
- HUM Satisfies the Humanities distribution requirement.
- SOC Satisfies the Social Science distribution requirement.
- SCI Satisfies the Natural Science distribution requirement.
- + Satisfies the Written Expression (foundational competencies) requirement.
- ++ Satisfies the Language requirement.

John Carroll accepts Higher Level (HL) course work only, except as noted below.
